AVAILABLE FOR YOUR SPECIAL EVENT!

Rachel & Smith Swing Shop featuring the outstanding vocals of Rachel Smith focuses on creating traditional jazz palatable for modern audiences—singing many tunes with “custom” lyrics such as *Dexterity*, *Little Sunflower*, and *Jordu*. Drawing on the most talented musicians in the Bay Area and Santa Cruz County, she can put together a happening pick-up band in no time flat. She has no problem finding interested musicians in the area, and has handpicked quite an impressive roster of players. Some of the members are veterans of such stellar acts as Dizzy Gillespie, Ray Charles, David Sanborn, Dave Holland, Mood Swing Orchestra and Wally’s Swing World and are happy blowing on standards and bop tunes and to be a part of the Smith Swing Shop Experience.

When Rachel Smith sings you stop whatever else you are doing to pay attention because she has so much to say Musically. She has great timing as well as tone.

It is great having you play here. As a venue for musicians we are geared towards those who are “up and coming” and you’re definitely one of those! We look forward to having you play here again.
